

The Reliance meter couplings and variable length extendable meter coupling, allows meter installers flexibility in fixed installations.

The extendable coupling provides for up to 12mm of longitudinal movement for the meter, removing the need to 'spring' a service open to remove or replace the meter.

Model	Catalogue Number
-------	------------------

Gaskets Included

Meter Thd Nut x 20 M	MC150
Meter Thd Nut x 20 M - WA Length 90mm	MC208**
BSP Meter Coupling 20 M	MC204
BSP Thd Nut x 15 M Length 47mm	MC202**
BSP Thd Nut x 25 M	MC250
BSP Thd Nut x 20 M (additional gaskets available separately)	1N131**
20mm Capillary Straight Adaptor - BCC Coupling	17011
32mm Oval Flanged Gasket Bolt Set (Single)	1N148 ‡
40mm Oval Flanged Gasket Bolt Set (Single)	1N149 ‡

Gaskets Not Included

NSW Thd Nut x 20 F Short Length 43mm	MC206*
NSW Thd Nut x 20 M Length 44mm	MC201*
NSW Thd Nut x 20 F Length 72mm	MC207*
NSW Thd Nut x 25 M	1N141*
NSW Thd Nut x 25 F	1N142*
BSP Thd Nut x 40 M	MC400

Gaskets / Sealing Rings

20mm NSW Sealing Ring	WM47*
25mm NSW Sealing Ring	1N141-NY*
