

# Stainless Steel Cabinet Kit

## Scope of Use / Specification Sheet

The RMC Stainless Steel Cabinet Kit is a lockable cabinet with 4-in-1 inlet fittings, which allows secure installation of tempering or thermostatic mixing valves.

### Product Code

Model	Fittings	Catalogue Number
Stainless Steel Cabinet Kit	15mm	MIX11167
Stainless Steel Cabinet Kit	20mm	MIX11168

### Materials

Cabinet	Stainless Steel
Fittings	Nickel-Plated DZR Brass
Check Valves	Acetal
Strainer	Stainless Steel

### Description

The RMC Stainless Steel Cabinet Kit includes 4-in-1 fittings, with either 15mm or 20mm copper compression connections, to facilitate installation and maintenance. The 4-in-1 fittings include isolation, strainer, non-return, and test port functions.

### Features and Benefits

- Lockable to prevent unwanted access
- Union fittings included for easy installation
- Integrated non-returns
- Includes isolation valves to facilitate servicing
- Strainer included to protect against dirt and debris
- Polished stainless steel finish

### Application

The Stainless Steel Cabinet Kit is ideal for installation in public facilities. The lockable cabinet ensures access to the valve is restricted for greater security and safety.
