

Class 1 Non-Return Valves

Building Product Information Requirements (BPIR)

Product Line: RMC non-return valves

Product Identifier(s):
NR50HT, NR75HT, NR100HT, SNR505

Product Description:
DN15-DN25 non-return valves for potable water use

Relevant building code clauses:

B2 Durability —	B2.3.1 (a)
F2 Hazardous building materials —	F2.3.1
G10 Piped services —	G10.3.1
G12 Water Supplies —	G12.3.2, G12.3.7
H1 Energy efficiency —	H1.3.3

Contributions to compliance:

Approved to AS 1357.1:2019. WaterMark licence number 000938

Scope of use:

RMC Non-Return Valves serve the dual purpose of protecting the mains supply from contamination and prevents the loss of water that has already been heated.

Non-Return Valves are suitable for use in domestic and commercial water heater installations and are rated for high temperature applications (up to 99°C).

Conditions of use:

RMC non-return valves must be installed by a suitably qualified person according to the rules of AS/NZS 3500.
